

Make Friends With

# Good Bugs!

**Southern Gardening  
with Memphis Area Master Gardeners**

**Tuesday, February 12, 6:30 p.m.**

Instead of waiting until “bad” bugs eat your vegetables and damage your ornamental plants, learn how to attract beneficial insects and other beneficial arthropods to be present to eat the “bad” bugs in this introduction to conservation biological control. Presented by Master Gardener Susan McKnight.

Pre-registration is open! Stop by or call.
